

VEV EL 410

Electronic speed regulator

For blowers, dehumidifiers...

Phase control for power 41/170 W

On/off switching

Simple series connection to the load

EMC standards compliant

Minimum speed manual adjustable according to the load

General Characteristics

Power Supply	230 V - 50/60Hz
Power max.	from 41 to 170 W

Dimensions

Height	42 mm
Length	107 mm
Width	32 mm
