

## TF-VRP6DLi

## Dual stage Vacuum Pump TF-VRP 6Li wireless

The Value TF-VRP 6DLi is a **wireless, dual stage vacuum pump compatible for refrigerants 1234yf and R32.**

Mini and wireless, the TF-VRP 6DLi 2-stage vacuum pump is portable, lightweight and easy to use

Its intelligent motor drives the product to achieve faster vacuum pumping and an upper ultimate vacuum with reduced weight

Equipped with a lithium battery for longer autonomy

Device designed with manual shut-off valve

Easy closure after pumping operation

Compact and light bodywork

High operating reliability

Constant vacuum pumping for 50 minutes

High ultimate vacuum : 15 microns

### General Characteristics

<b>Power Supply</b>	18V 9Ah lithium battery
<b>Connections</b>	1/4" SAE & 3/8"
<b>Outlet flow rate</b>	6.0 CFM 170 L/min
<b>Ultimate vacuum</b>	15 microns
<b>Power max.</b>	1/2 HP
<b>Weight</b>	9.6 kg
<b>Dimensions</b>	
<b>Dimensions</b>	355 x 127 x 255 mm
