

## Zephyr 20

## Domestic air dehumidifier

Elegant and Silent

The Zephyr 20 dehumidifier is a very compact and discreet device, very easy to use.

Thanks to its adjustment knob on the top of the device, it is easy to adjust the relative humidity rate according to the desired level.

The Zephyr 20 water tray is very practical to use thanks to its anti-overflow cover, spout and carrying handle.

Its slightly rounded shapes, pure white lines and modern style allow it to fit into any interior. But when the wet season is over, it's easy to slip into a closet thanks to its 360 ° multidirectional castors and compact size.

The dust filter, with the powerful ventilation of the Zephyr 20, ensures a clean and healthy climate.

The Zephyr 20 is ideal for laundry rooms and bathrooms, but also for garages, technical rooms or small living rooms (60 m<sup>3</sup> maximum).

- High-quality and powerful air dehumidifier
- Stylish design and high quality finishing
- Permanent display of ambient humidity
- Automatic restart in case of power failure
- Permanent evacuation of condensed water via DN14 tube, or use of the recovery tank
- Automatic shut-off if the water tank is full, with permanent visual alert and sound
- Visualization of the water level in the tank
- Automatic defrosting, for operation from 5 ° C
- Adjustable electronic hygostat integrated, or permanent drying
- Ergonomic handle for easy traveling
- Washable dust filter, Optional charcoal filter
- Refrigerant R134a, no effect on ozone
- Two fan speeds
- Automatic oscillation of the air outlet above the device, or fixed direction
- Hour timer for automatic shut-off
- 4 multidirectional castors and carrying handle for easy traveling
- Automatic shut-off of ventilation when the relative humidity is reached
- Very good visibility of the water level via the window of the water tank
- Power supply 230 V (Ph + N) cable 2 m with plug supplied
- Integrated electrical cable reel

### General Characteristics

<b>Manufacturer warranty</b>	2 years
<b>Air flow</b>	160 m <sup>3</sup> /h
<b>Electrical supply</b>	230 V (Ph+N) with included 2 m cable and plug
<b>Handing transport</b>	yes
<b>Velocity choice</b>	2
<b>Power rating</b>	320 W
<b>Automatic restart after electrical shut down</b>	Yes
<b>Cleanable dust filter</b>	Yes
<b>Dehumidification at 30°C - 80% R.H.</b>	20 L/day
<b>Dehumidification</b>	12 L/day

**at 27°C - 60% R.H.**

<b>Sound level at 1 meter</b>	46 dBa
<b>Refrigerant</b>	R134a
<b>Water tank capacity</b>	5.5 Liters
<b>Full tank stop</b>	yes
<b>CE Approval</b>	Yes
<b>TÜV Approval</b>	Yes
<b>RoHS Approval</b>	Yes

**Dimensions and Weights :**

<b>Height</b>	595 mm
<b>Width</b>	385 mm
<b>Depth</b>	290 mm
<b>Weight</b>	13.2 kg

**Operating Limits :**

<b>Ambient Air Temp.</b>	5 - 35°C
<b>Ambient Humidity</b>	40 - 99 % R.H.
